This was send to us today 10.05.2020.

At our local ACO which is located in McAllen, TX. The CFM are saying we are 100 percent complete. That is not true. No enumerators are working here there saying there is no work and there telling the CFS to ask the enumerators if they want to resign. Cases have been closed if the respondent's house was visited 4 times even if the head count was not provided by the respondent. The only enumerator working are the ones who got send out to other places for example Houston, San Antonio, etc. Which are under a different CFM. The CFM here locally in McAllen ,TX does not want to reopen cases. There are places I have come across people walking up to me asking if they can fill out the census because they did not receive the census questionnaire. There's still alot of work to be done. I want to remain anonymous please. Thank You.
